	Wallace Coran (resigned)	1989
	Rodney Doherty	1989
	Sandra T. Grigg	1991
	June Ramsey	1991

## **BOARD OF SELECTMEN — TOWN ADMINISTRATOR**

### **ANNUAL REPORT**

We are pleased to contribute to the 1988 Town Report along with the reports of Town Departments, Boards, and Committees, for your review of town activities during 1988.

The Board of Selectmen appointed the Town's first Administrator/Administrative Assistant as authorized by vote at the last Town Meeting. Together, we look forward to meeting the new and ever-increasing challenges confronting our growing community and Town Governments everywhere; and in providing dedicated, professional service to all residents.

The Town of New Durham joined the New Hampshire Municipal Association Property Liability Insurance Trust program in 1987 in an effort to consolidate various carrier coverages and at the same time to save money through the reduction of premiums. In 1988, with the addition of Public Officials Liability through the Trust (at a savings of approximately \$8,000) all Town Insurance now falls under this program. The Trust works on the concept of communities joining together as a Trust and sharing unspent premiums, after losses are paid, based on favorable loss experience. Trustees of the Insurance Trust are public officials, elected or appointed, from towns and cities in New Hampshire.

An application to the State for a permit to operate a Transfer Station at the Landfill has been submitted and it is being reviewed; preliminary indication points towards approval and we should be on line very soon this coming year. Solid Waste disposal continues to be one of our most demanding and costly responsibilities. In an attempt to deal with this issue and to extend our Landfill we have initiated a separation program. We feel recycling is a necessary and viable way of reducing the amount of trash that goes into the waste stream, it reduces the cost of disposal and may eventually provide revenue to offset the cost of operating the program.

We are fast at work exploring the different available computer packages currently on the market and hope to purchase one that will aid us in our goal of creating a more proficient and cost effectively run office.

We are happy to report that Cable TV has finally come on-line, and we'll be working towards expanding the current coverage area this year. We have also received a renewed commitment from the State to enhance their financial funding for improvements on Merrymeeting Road under their reconstruction aid program so that we might meet our objective in a shorter time frame.

Escalating property taxes remains a real concern for all of us, however, with little or no local aid from the State and Federal governments the cost of Town Government becomes our sole burden. Therefore, we have sought ways this year, as in the past, to limit our expenses while maximizing our potential revenues. Staying within budget and getting the most out of each tax dollar remains our goal, and we will strive to provide New Durham residents the best possible services with the least possible impact (on the taxpayer).

Our thanks are extended to all Town employees, Town volunteers, and the residents of New Durham for their cooperation and support during the year.

Respectfully submitted,

Board of Selectmen

M. Dean Stimpson, Chairman

Lewis E. Buttrick

Carleton W. Woods

Robert M. Belmore

Town Administrator

## REPORT OF FIRE DEPARTMENT

The Fire Department responded to 120 incidents this past year. The following is a breakdown of those calls:

Automobile Accidents . . . . .	19	Medical Aid . . . . .	67
Brush Fires . . . . .	4	Structure Fires . . . . .	1
Car Fires . . . . .	2	Mutual Aid . . . . .	15
Chimney Fires . . . . .	3	Miscellaneous . . . . .	9

As you will notice by the number of incidents above, the Fire Department has had another busy year. In order to handle the above incidents in a quick and professional manner it requires the people to train. Our training schedule requires all personnel to be at both medical and fire training at least 100 hours a year. This year we have found it more difficult to acquire new personnel and to keep our existing ones. In order to do this, they have expressed a need to be paid for their training time, but will still volunteer their time to handle any and all incidents. This request is following the benefits of one neighboring department. We have also had to advertise for new personnel. If anyone thinks they would like to serve on the department, please contact me and I will be glad to help you become a volunteer.

We remind everyone yearly to inspect your property and make it safe from accidents and fires.

Respectfully yours,  
Paul A. Blaisdell, Fire Chief

## REPORT OF FOREST FIRE WARDEN

This year's forest fire incidents were very light. We responded to only 4 brush fires. It takes everyone being careful to keep this down as no one wants to lose their forests. Our department continually keeps working to prevent these fires and keep our equipment ready in case there is one. These fires are the hardest to work and are the most costly to both the town and state. The statewide statistics were as follows:

498 Fires — 509 Acres burned — \$78,144.93 to suppress

Over half of this expense was used to suppress fires in one district. The three leading causes of forest fires this year were again children, fires kindled without permits from the Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Respectfully yours,  
Paul A. Blaisdell\*, Forest Fire Warden

## **DEPUTY FOREST FIRE WARDENS**

Brinley Nelson\*, Dean Stimpson, James Swett, Paul Gelinas, David Lindberg, Robert Ingham, and Robert Berry

\*Issues Permits

## **REPORT OF THE PLANNING BOARD**

While the actual number of building lots approved for subdivision is 20% higher than last year, and the number of building permits is up over 1987, growth in terms of population is slightly less.

The value of new construction started in New Durham is slightly less than last year, reflecting less lake frontage developments, fewer trailers, but more manufactured housing being built.

Other than gravel pits, an approval for a post office and a golf course development were the only two Special Exceptions granted in 1988.

Throughout 1988 the Planning Board worked with Strafford Regional Planning Commission on adopting the Water Resource Protection Chapter of the New Durham Master Plan, as well as adopting new Site Plan Review Regulations, and developing proposed changes to the Zoning Ordinance.

In 1989 the Planning Board hopes to adopt a ten year Capital Improvement Plan which has almost reached the first draft stage. A Master Plan Update Committee has been formed and will be sending out a survey soon. The Planning Board will also be working to develop an impact fee regulation consistent with the Capital Improvement Program.

Respectfully submitted,  
D. Peter McKenzie, Chairman

## **1988 RECREATION PROGRAM ANNUAL REPORT**

To the Board of Selectmen and the citizens of New Durham, I respectfully submit my annual report.

During the 1988 year the New Durham Recreation Department has continued to offer a wide variety of activities for all members of the community. Each year we are encouraged by the growing numbers of participants in these programs.

On behalf of the Recreation Commission, I want to express our sincere thanks to all those people and businesses who gave so generously to support and expand our recreation programs. Special thanks to go the Booster Club, as well as the athletic coaches and volunteers. The dedication, commitment, and hard work were essential to the programs. Also special thanks to the parents who provided transportation to the events, as well as assistance in the programs, without them the recreation programs could not be a success.

In addition to the regularly scheduled events, field trips, and athletic events, here is a sample of the accomplishments of the recreation department:

Involvement in the Hershey State Track and Field Meet in Concord, N.H.

Involvement in the Artists-In-The-Schools Program.

Continuation of a summer recreation program, including such activities as swimming lessons, hiking, backpacking, soccer, arts and crafts, and recreational games.

Elementary girls and boys basketball teams, as well as girls and boys J.H. basketball teams.

Increased participation in Recreation League Baseball, yearly.

Increased participation in youth softball, yearly.

The organization and utilization of a pond skating rink and hockey area, in cooperation with Farmington Fish and Game Club, and the New Durham Fire Department.

The development of youth soccer in both summer and fall programs.

An intensive summer recreational program with field trips for both adults and youths.

Offering a preschool through grade three Halloween Party in cooperation with the New Durham Fire Department, as well as aiding the Boosters in the offering of the Halloween Haunted House and costume parade for the children of the Elementary school.

Along with existing operational and program responsibilities of the Director and the Commission, our goals for the recreational program for the 1988 year include:

To focus on efforts of developing a sense of pride in both our youth and adults in the community.

To continue the search for waterfront property to enable the recreation department to continue to offer our summer swimming program.

To grow with the community in offering recreational activities, and programs which have not been offered in the past.

As the community continues to grow, it is our hope we can increase the number of volunteers for coaching, umpiring, and general assistance. With a small recreation department, the only way we can offer more programs for more people, is if we continue to get volunteers to help. If the volunteerism continues to grow with the population, the recreational possibilities are endless.

Since arriving in New Durham in September, I have been impressed with the recreation department and the enthusiasm of the town. The citizens of New Durham should be proud of their recreation department, it is one of the best in the State for a town this size. I am looking forward to continued cooperation in the community, and continued growth for the recreation department. I urge you to contact me, the Recreation Director, Mr. Robert S. Gadomski, at the elementary school to initiate new programs, volunteer assistance, or schedule activities.

Respectfully submitted,  
Robert S. Gadomski  
Director of Recreation

## **REPORT OF POLICE HEALTH AND WELFARE DEPARTMENT**

The Town of New Durham is continuing its growth at a steady and impressive rate. The current statistics reflect a 7.7% increase in '85, a 12.1% increase in both '86 and '87 and 8% in '88; an additional 133 residents. Although there is a slight decline for 1988, the total figures represent a 46% overall population increase over the past four years, bringing our latest tally to 1904. It should be noted, however, that many of the new homes and sub-divisions have been developed in the opposite extremes of town, creating many new roads. These new areas represent a considerable increase in the demand for preventative patrol hours and shall be met with tenacity by the Police Department.

The Health Department with the help of Pat Lanzetta, Monica Haley, Debbie Durkin-Fell and Terry Jarvis provided Hepatitis immunization to all the members

of the Police and Fire Departments. The Health Department also provided tetnus immunizations to those members of the Highway Departments that were in need of this protection, and conducted inspections of slightly over 100 new and reconstructed sewage systems in New Durham during 1988. In addition, the department responded to, and aided in, rectifying several situations which may have posed a future health hazard. The inspections and aid represent 3% of the total Police Department manhours and are billed by the Police Department for reimbursement accordingly.

The Welfare Department provided financial assistance to the needy, and continues to be available to assist the residents of New Durham. Of the total Police Department manhours for 1988, only 1% of the time was utilized by the Welfare Department, and is also billed accordingly for reimbursement.

In July, our department was distressed by the news that Sgt. David M. Perkins, II had been suddenly stricken by a heart attack. Unfortunately, such an illness required an indefinite extended sick leave from the department. Needless to say, aside from our personal concern for Dave and his family, our department was suddenly faced with a considerable shortage of manpower as well as the Sgt.'s expertise. Concurrent with this crisis was a sudden influx in criminal activity and complaint investigations. However, with much thanks to the dedication and perserverance of Officer Kenneth E. Hughes, as well as the part-time Special Officers who came forth to assist, we were able to provide adequate shift coverage.

We wish also to take this opportunity to extend our sincere appreciation to State Trooper David Wheeler for his special assistance and expertise during a wave of burglaries occuring in New Durham during the absence of Sgt. Perkins last October. With his help, we initiated the breakup of a burglary ring which was operating in New Durham and surrounding towns, apprehended and arrested several suspects and assisted in effecting firm convictions! Thank You Trooper Wheeler.

The overall diligence of the Police Department continued throughout the remainder of the year and is aptly reflected in the following year end totals of 454 criminal investigations, 358 complaint investigations, 98 accidents, 367 summons, 50 arrests, a recorded 3000 calls for service, a total of 7932 manhours and 62000 total cruiser miles.

Sgt. Dave Perkins has recuperated and returned to full-time duty as of mid-December. A warm and thankful "Welcome Back" from us all!

We wish to take this opportunity to thank the New Durham Police Association for their generous time and effort in the distribution of food baskets, fruit baskets and gifts to many families during the holiday season of 1988.

Last, but not least, it is with most sincere gratitude that we commend the extra efforts of each of our officers, the constant assistance of the Strafford County Sheriff's Department Dispatch Center (Our Life Line), the State Police, other area departments and the citizens of New Durham. Only with such cooperation and support can we continue to provide exceptional services, over such a vast area, so effectively.

Respectfully submitted,  
Paul R. Gelinas  
Chief of Police, Health Officer and Welfare Officer

### **NEW DURHAM PUBLIC LIBRARY REPORT OF THE LIBRARY TRUSTEES**

1988 marks the first full year of operation by the New Durham Library Resource Center. As predicted, its use has grown steadily. In addition to increased use by regular patrons, there were 146 new family registrations. The new facilities and additional hours of operation have helped to meet the growing demands of our student population. A strong effort is being made to develop a collection which will be useful to them.

The meeting facilities have made it possible to accommodate town groups needing a place for meetings, hearings, and other important functions. The serious space problems at the New Durham School has made it impossible for that institution to satisfy such a need. The library meeting room is available throughout the day and evening. This availability has also allowed the library to increase its programs. Regular story hours are held year round for preschool children. In the summer a very successful reading club was held for children in grades 1 - 6. Mrs. Polito, the Librarian, has conducted tours of the library for the elementary school children. They are always welcome. Mrs. Kirby's second grade made a beautiful pink and blue quilt to be used as a wall hanging in the children's section of the library.

In the summer, the Trustees and Friends of the library cosponsored two programs available to public libraries through the N.H. Humanities Council. In the fall the Friends sponsored another. Such events are drawing many people into the library. The Friends are planning an interesting variety of programs for the coming year. They meet the fourth Tuesday of every month at 7:30 P.M. Everyone is welcome to join as regular members or attend any of the programs that interest them.

We are especially fortunate to have a large and well organized archives department. Mrs. Eloise Bickford, Town Historian, has been tireless in her pursuit of

providing such a service. Few small towns in N.H. can boast of such an extensive and accessible collection. Genealogy is now listed as the third most popular hobby in the U.S., so demand for such service is heavy. We have been astonished at the number of genealogists, both amateur and professional, who have visited our facility. We have also been happily surprised at the great interest shown by our students, both elementary and secondary, in this historical collection.

Mrs. Polito has completed her seventh of eight required courses in library science for certification. She has done an excellent job of managing the new library. The demands on her time and talents have increased greatly with the burgeoning use of the library. Fortunately, Mrs. Marion Bartlett has come to her assistance as an aide. Mrs. Bartlett's services have been made available through the Senior Citizens Community Service Program funded by the U.S. Department of Labor. Mrs. Bartlett began working in late summer. She came just when the library and the entire community of New Durham had suffered a terrible loss. Mrs. Doris Rollins died this summer leaving a great void. She had worked in the library for 18 years in several capacities, first as an aide, then Librarian, and in her declining year as Assistant Librarian. Many donations have been made to the library in her name by her numerous friends and benefactors.

The generosity of the citizenry has been most gratifying. Numerous other memorial donations have been made besides those for Doris Rollins. The names of those people, so memorialized, are inscribed on a special plaque which is on display in the main reading room. Also, donations have been made to the library for reasons other than memorials. We have received many items such as: the computer, the card catalog, the photocopying machine, the meeting room chairs, the sound system etc. The funds received are being managed by the Trustees, so the library can offer materials and services not possible through our regular town appropriation. We have set up a special book fund which has been dedicated to the development of the reference collection. Contributions can be made to this fund by anyone wishing to help. It is difficult to fund an adequate public library in a small town. Generous citizens can make all the difference in this respect. We are finding that New Durham has many such unselfish people.

The New Durham Public Library has recently become a member of SAILS which is a newly formed regional division of NHAIS (N.H. Automated Information System). NHAIS is an electronic utility administered by the State Library which provides N.H. libraires with access to computerized data bases of information on state government, the holdings of N.H. libraries, and a state newspaper index. We can access this utility, since we have a computer and a modem. There are no fees to us for this service other than the telephone connection. There are other State Library services available to us through our membership in SAILS such as free

catalog cards and consultant services. New Durham is also a member of RALI (Rochester Area Libraries Cooperative) which is primarily a purchasing cooperative that allows us to take advantage of large discounts only available to such groups.

Many groups from around the state, who contemplate building new libraries in their towns, have visited our building to gain ideas. The State Library has recommended that they visit it, because ours was such a successful undertaking. This certainly speaks well for our town. The Library Resource Center has been a unifying endeavor for New Durham. We hope it continues as such.

Respectfully submitted,  
Rachel Murray - Rae Davis - Majorie Mhor  
Kathryn Buckley - Merrill Black

## OLD GRAVEYARD REPORT FOR 1988

Concern for and recognition of the importance of graveyards has prompted more and more interest in the restoration of many of the town's 110 old graveyards.

Well preserved graveyards not only show our respect for those who were here before us, but a great deal of history of an area can be learned in graveyards as well as furnishing genealogists with much sought after information about their forebears. Genealogy has become the third most popular hobby in this country within the last decade, according to genealogy sources.

Only six old graveyards were restored in 1988, but two of them were major restorations requiring extensive brush and tree cutting as well as stone repairs. As funds and time allow the Beautification & Restoration Association make arrangements to do as many as possible each year.

The Association is pleased to report that work, or payment of the costs of a project was donated in some instances, making it possible to do other sites that do not have interested family or friends.

With the large number of old graveyards located in New Durham so far, it will probably be many years before the project is complete, but fortunately many do not need restoration work as they have perpetual care, or the landowner has cared for them. Each one preserved will be another interesting piece of New Durham history saved.

Several residents have asked for assistance in restoring the old graveyard on their property next year and we look forward to doing this. If anyone has a graveyard they would like assistance in restoring, please call town historian Eloise Bickford at 859-6881 for more information.

The warrant at town meeting will have a request to continue raising funds for the Old Graveyard Trust Fund, which will help finance the on going care and maintenance when the work is complete.

It has been said that the spirit of a town can be gauged by the condition of its cemeteries. Those with attractive, neat graveyards show that townspeople care.

Eloise Bickford  
Town Historian

## TOWN MEETING HOUSE REPORT 1988

Despite a few setbacks the work continues on the historic town house that is located on the Old Bay Road, just west of the four corners, the original center of town.

It was built in 1772 by New Durham's early settlers as a combined town house and church, as was the custom at that time. In 1908, residents constructed a new town hall in the current town center and because the town no longer used the old building it was sold and used as a storage building for the nearby Berry farm.

A few years ago Mrs. Lua Berry Pike, owner of the property, donated this historic site to the town which included; the town house with its cemetery, a rock pound settlers had erected to impound stray cattle, and six acres of wooded land. The town voted to accept the gift.

In 1987, the Beautification and Restoration Association agreed to spearhead a restoration effort of the old building as it became obvious something had to be done or it would be destroyed. So far this work has been carried on by a small group of volunteers who are interested in keeping alive a piece, and about all that remains, of New Durham's history.

Those volunteering for this project in 1987 and 1988, at various times were: Ernie Vachon, Herbert Hume, George Bickford, David Shagoury, Jim Meyer, Bob May, Sam and Jim Hardy, George Gale, Chris Pickard and Dennis Gagne. John Rollins has given the group invaluable assistance with equipment and advice.

The work seems to progress slowly, but looking back on what has been done by a handful of volunteers, there has been a great deal accomplished and they plan to continue next year. New sills were installed on the north, east and south sides, while the west sill was found to be sound and jacked up and placed on a foundation of rocks and cement piers. It seemed to be the unanimous opinion of all involved that the worst was done.

Siding, windows and the roof have to be tackled next, and the Beautification Association will be grateful for any contributions, manual or financial, to keep the project alive. Those interested may make checks out to the Association, designated for the Town House, and send to Alma Jacklin, Treasurer, Ridge Road, New Durham.

Those interested in working on the building in the spring may contact Ernie Vachon at 859-7893, or Town Historian Eloise Bickford at 6881.

Building & Zoning Inspector

## REPORT OF THE ZONING BOARD OF ADJUSTMENT

To the Board of Selectmen and the citizens of New Durham, I respectfully submit my annual report as Chairman of the Zoning Board of Adjustment.

The Board of Adjustment has authority to act in three separate and distinct categories:

- Granting of Variances to zoning ordinances;
- Approval of Special Exceptions;
- Appeals from Administrative Decisions

The Board has spent a very busy year acting on thirty applications for variances, eight special exceptions, and two appeals from administrative decisions. Several general discussions also took place prior to applications being submitted.

Several variances were granted for setback requirements for septic systems on lots on Merrymeeting Lake. Many of these lots were divided and sold forty or fifty years ago, with cottages or camps being built for occupation a few weeks

during the summer. Some lots are as narrow as forty or sixty feet. Many of these parcels, non-conforming by today's ordinances, are now occupied year-round. Increased impact on the clean, cold water in the lake will adversely affect its quality. This is one of many considerations our board must bear in mind.

Growth has increased steadily in New Durham and this trend will likely continue. We have a new Post Office under construction and a country club development in progress. Also, several new gravel operations, each of which required Special Exceptions and joint hearings with the Planning Board.

We are grateful for the expertise our Town Administrator, Robert Belmore, has provided, and we look forward to working with a new member and a new alternate member in 1989.

Respectfully submitted,  
James M. Eaton, Chairman  
Zoning Board of Adjustment

## **NEW DURHAM CONSERVATION COMMISSION ANNUAL REPORT FOR 1988**

The Conservation Commission has had another active and rewarding year in 1988.

The Commission has been active on several fronts, principally the "Land Conservation Investment Program". We have recommended three primary areas to be protected, two of which are under negotiation at this writing.

There has been a large increase in the number of Dredge and Fill applications, which we have done on-site inspections and informed the Wetlands Board of our findings.

The Commission continues to educate themselves by attending many relevant courses, seminars and conferences pertaining to the protection of our town's important and valuable wetlands.

The Commission budget request for the second half funding for "Prime Wetland Study" has been requested, and negotiations will begin this spring to have this project completed by qualified personnel. This will be a most valuable study and will help all phases of the town's future planning.

Signed: Paul D. Berry, Chairman

Members: Herbert Hume, Secretary; Michael Gelinas, Susan Pillsbury-Jenkins, Joan Bittrolff, Dennis Gagne

**TAX YEAR OF 1988**

## **TOWN OF NEW DURHAM**

### **TOWN WARRANT**

#### **THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of New Durham in the County of Strafford, in said State qualified to vote in town affairs:

You are hereby notified to meet at the New Durham Library/Resource Center on Tuesday, the fourteenth (14th) day of March, next at ten o'clock in the forenoon, to act upon the following: (Polls will close no earlier than 7:00 P.M.)

- ARTICLE 1.** a. To choose all necessary town officers for the year ensuing.
- b. To choose all necessary school district officers for the year ensuing.
- c. To vote on proposed changes to the New Durham Zoning and Land Use Ordinance.

And you are hereby further notified to meet at the New Durham School on Wednesday, the fifteenth (15th) day of March, next at seven (7:00) o'clock in the evening to act upon the following articles:

**ARTICLE 2.** To see if the town will vote to authorize the Selectmen to borrow such sums of money as may be necessary to pay current expenses in anticipation of taxes. BY SELECTMEN.

**ARTICLE 3.** To see if the town will vote to authorize the Selectmen to apply for, accept and expend in the name of the town, such advances, grants or other funds which may be forthcoming from Federal, State, local or private agencies during the coming year. This article requires the Selectmen to hold a prior public hearing on the action to be taken. BY SELECTMEN.

**ARTICLE 4.** To see if the town will vote to authorize the Conservation Commission to retain the unexpended portion of its annual appropriation, said funds to be placed in a special Conservation Fund in accordance with RSA 36-A:5. BY CONSERVATION COMMISSION.

**ARTICLE 5.** To see if the town will vote to raise and appropriate \$5,000.00 to the Capital Reserve Fund established for a Fire Truck. BY SELECTMEN.

**ARTICLE 6.** To see if the town will vote to establish a Capital Reserve Fund for the closure of the present landfill, and raise and appropriate \$50,000.00 to be placed in this fund and designate the Selectmen, as agents to expend. BY SELECTMEN.

**ARTICLE 7.** To see if the town will vote to raise and appropriate \$20,000.00 to purchase a used bulldozer for the landfill. BY SELECTMEN.

**ARTICLE 8.** To see if the town will vote to instruct the Selectmen to establish a mandatory recycling program for solid waste disposal at the site of the present landfill and raise and appropriate \$2,700.00 for this purpose. BY SELECTMEN.

**ARTICLE 9.** To see if the town will vote to accept the provisions of RSA 149-M:13 to enable the Town of New Durham, Board of Selectmen, to make by-laws governing the Solid Waste Facility and to establish rates. BY SELECTMEN.

**ARTICLE 10.** To see if the town will vote to raise and appropriate the sum of \$20,000.00 for Improvements on Merrymeeting Road under the State Aid Reconstruction Program, provided the State of New Hampshire appropriates \$40,000.00 for this purpose. BY SELECTMEN.

**ARTICLE 11.** To see if the town will vote to discontinue the Capital Reserve Fund established for the revaluation of the Town, and transfer the remaining sum of \$11,296.00 plus accumulated interest to date of withdrawal to the Capital Reserve Fund already established for a computer system for the Town Hall. BY SELECTMEN.

**ARTICLE 12.** To see if the town will vote to raise and appropriate \$50,000.00 to begin reconstruction of Birch Hill Road. BY SELECTMEN. NOT RECOMMENDED BY THE BUDGET COMMITTEE.

**ARTICLE 13.** To see if the town will vote to raise and appropriate \$41,000.00 to purchase a new truck for the Highway Department. BY SELECTMEN.

**ARTICLE 14.** To see if the town will vote to raise and appropriate \$7,000.00 to remove and dispose of two (2) underground gasoline storage tanks. BY SELECTMEN.

**ARTICLE 15.** To see if the town will vote to raise and appropriate \$10,000.00 to the Capital Reserve Fund established for a Highway Department Truck, and designate the Selectmen, as agents, to expend. BY SELECTMEN.

**ARTICLE 16.** To see if the town will vote to raise and appropriate \$15,000.00 to purchase a new police cruiser. BY SELECTMEN.

**ARTICLE 17.** To see if the town will vote to raise and appropriate \$10,900.00 to erect a storage building on the site of the present ballfield. BY SELECTMEN.

**ARTICLE 18.** To see if the town will vote to establish an Expendable Trust Fund for the purpose of erecting a fence around and tarring the road in the John Shirley Memorial Cemetery, and raise and appropriate \$3,000.00 to be placed in this fund, and designate the Selectmen, as agents, to expend this fund and any interest. BY SELECTMEN.

**ARTICLE 19.** To see if the town will vote to raise and appropriate \$300.00 for the Uncared For Old Graveyard Trust Fund and authorize the Cemetery Trustees to expend the interest from the account for maintenance and restoration of Old Graveyards. BY SELECTMEN.

**ARTICLE 20.** To see if the town will vote to authorize the Planning Board to prepare and amend a recommended program of municipal capital improvements projects projected over a period of ten (10) years. The sole purpose of the capital improvements program shall be to aid the Board of Selectmen and the Budget Committee in their consideration of the annual budget, all as authorized by RSA 674:5-8. BY PLANNING BOARD.

**ARTICLE 21.** To see if the town will vote to authorize the Board of Selectmen to appoint not more than five (5) alternates to any appointed Land Use Board. The terms of alternate members shall be three (3) years. BY PLANNING BOARD.

**ARTICLE 22.** To see if the town of New Durham will vote as follows: Emergency Police Assistance Ordinance. The Town of New Durham, New Hampshire hereby accepts the provisions of RSA 106-C. The Chief of Police of the New Durham Police Department is hereby authorized to act pursuant to the provisions of RSA 106-C, as inserted by the law of 1967 (Ref. 431:1), as now enacted and as may be amended.

**ARTICLE 23.** To see if the town will vote to raise and appropriate the sum of \$6,250.00 to help offset the purchase of a new ambulance for the Farmington Ambulance Corps. Funds will be contingent on Farmington, Middleton and New Durham all raising their fair share. BY PETITION. NOT RECOMMENDED BY BUDGET COMMITTEE.

**ARTICLE 24.** To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray the expenses of town government.

**ARTICLE 25.** To hear reports of any standing committees.

Given under our hands and seal this 13th day of February, in the year of our Lord, Nineteen hundred and eighty-nine.
